More than 4,800 testing locations.

\$

\$0 out-of-pocket cost¹

with insurance or federal program for uninsured

Molecular lab test (PCR/NAAT)

The most accurate test available.

- Results typically take 1-2 days.²
- Test performed in drive-thru lane.
- Required for most travel.

Rapid-result test

Reliable for people who are recently infected or with symptoms.

- Results within hours.³
- Not accepted for all purposes, so be sure to check with venue, destination or airline.

Walgreens is offering free, contactless COVID-19 testing for patients age 3 and up at select locations, in partnership with the PWNHealth provider network.

Free Drive-Thru COVID-19 Testing for Ages 3+

How the COVID-19 testing process works

-  1. Complete a quick questionnaire.
-  2. Choose a location and time for your COVID-19 test (based on the type of test you want).
-  3. Go to the testing location and remain in your vehicle with the window rolled up.
-  4. Show your confirmation email, a valid state ID or driver's license, and insurance card or voucher.
-  5. Perform the nasal swab yourself under the direction of a pharmacy team member. Patients ages 3-18 will need a parent or legal guardian while they self-administer the COVID-19 test.
-  6. Get results from PWNHealth.†

¹ Patients are eligible for \$0 upfront cost if you meet the [clinical guidelines](#) for COVID-19 testing. ² The \$99 service fee is for the Rapid Antigen test only. PCR and Rapid Antibody tests are billed to insurance or respective government programs. ³ High demand at labs can delay turnaround times.

Pala Diagnostics' COVID-19 Testing Program

No cost testing with results available in less than 48 hours. We come on-site to conduct testing and work with nearly all insurance providers for efficient access to PCR, rapid antigen and rapid antibody testing.

Concierge On-Site Testing

(ideal for schools, businesses, event sites, travel, and more)

- Rapid antigen and antibody testing available with results on site in as little as 10 minutes.
- Gold-standard RT-PCR diagnostic testing available. Our clinicians handle the whole process including collecting and transporting samples to the lab for processing.
- RT-PCR results are available within 24-48 hours.
- Testing provided at no charge to your organization, your customers and staff.
- Available 7 days a week!

Site Self-Testing

(available only for medical facilities with a physician on site)

- Testing supplies, including return packaging, are sent free of charge to the facility.
- Your medical staff collects patient samples and sends them back to the lab for processing.
- Paperless laboratory requisitions are generated via an easy-to-use, secure portal.
- Results are available for medical staff within 24-48 hours of receipt by the lab.
